

NETHERLANDS SRI LANKA FOUNDATION- POLICY PLAN 2025-2030.

OBJECTIVE OF THE FOUNDATION:

The objective of the Netherlands Sri Lanka Foundation is to provide aid to orphans and other children who were victims of the 2004 Tsunami and to other orphans and dependent children in Sri Lanka. This help is currently being provided, under the auspices of the Congregation of the Sisters of "Mary Immaculate" (SMI), in four children's homes, which have been realized for this purpose, namely:

1. Milhous Children's Home in Pamunugama
2. Katupotha Children's Home in Katupotha
3. SMI Child Care and Development Centre in Kelaniya

ACTIVITIES:

The foundation ensures that approximately 90 orphans and other children in need of care (mainly girls) are taken care of, that they can live there safely, go to school, receive the necessary medical care and that they may look forward to a better and more hopeful future.

THE CURRENT POLICY:

The current policy of the foundation is aimed at ensuring continuity in the aforementioned children's homes and supporting new activities, such as setting up new houses for any new forms of (day) care and care for children in need of help. The foundation does this, among other things, by:

- a. Paying the (monthly) care costs for the children.

- c. These developments are monitored by, among other things, reading reports from the carers, visiting the schools and stimulating the teaching of the English language and computer use.
- d. Keeping the board vital by thinking about its future composition; renewal, rejuvenation and possible expansion.
- e. Supporting activities to obtain the necessary permits from the Child Protection Services for the care of children in our children's homes.
- f. Supporting (legal) activities for the legal registration of the acquired land in Pamunugama. This concerns proceedings against the Jayakody heirs.
